

Dr. Hossein Asefjah, born in 1956 in IRAN, Obstetrician & Gynecologist graduated from Shiraz University School of Medical Sciences board certified, fellowship of laparoscopic surgery from Stanford university, California & member of AAGL (American Association of Gynecologic Laparoscopy) and member of Iranian Society of Surgeons. I have more than 23 years experiences in laparoscopic surgery and have been attended in many international and middle east congresses as lecturer. I had presentation in AAGL and SLS and received award in annual meeting of SLS 2011 in Los Angeles, for presenting Laparoscopic Strassman Metroplasty with successful pregnancy outcome, this operation has not been reported from US yet.

I have done many workshops and live surgery in different cities in IRAN, and attended in live surgery 22th annual congress ESGE in Germany 2013, and surgery course in advanced laparoscopic suturing of Wolf Company VAAO in Mains Germany as main tutor ,I have designed 4 new laparoscopic instruments, all registered

in IRAN ,two of them recently have been launched by
Wolf company in Germany.
